

Chapel Hill-Carrboro City Schools Academic Performance Data, 2016-17

Equity Issues Continue

NAACP Education Committee

For 60%-70% of African-American, Latino, and Economically Disadvantaged Students, the Chapel Hill-Carrboro City Schools are not effectively meeting academic needs

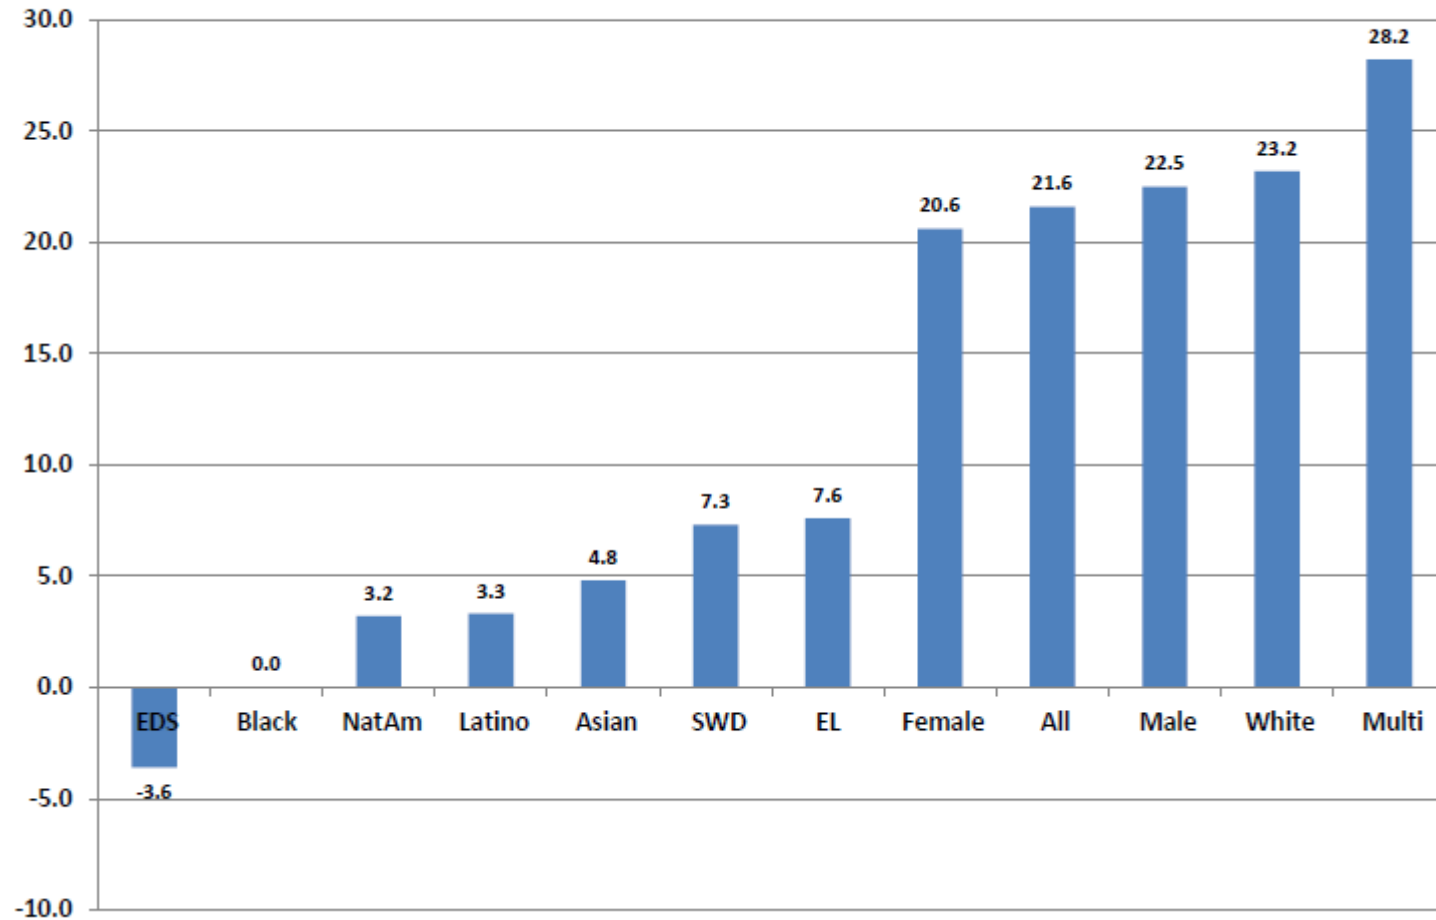

Source:

Annual Report of Student Performance (2016-17)
Chapel Hill-Carrboro City Schools, NC

African-American and Economically Disadvantaged are the only demographic groups for which the average academic performance of CHCCS students does not exceed state averages

Chart 2: District vs. State Percent College Ready on EOG/EOC Composite (2016-17)

Source:

Annual Report of Student Performance (2016-17)
Chapel Hill-Carrboro City Schools, NC

For most subject areas, academic performance of African-American students has shown little, if any, progress over the past four years

Percent African-American students on track to be College Ready

Acknowledgements & Next Steps

- The data shown here is taken from the Annual Report of Student Performance Chapel Hill Carrboro City Schools, 2016-17, prepared by Diane Villwock, CHCCS Executive Director of Assessment & Research
- District leadership has developed a plan to address inequities illustrated here (see link to plan on the Chapel Hill-Carrboro NAACP website) , but much work needs to be done to address known systematic biases in the schools that are at the foundation of much of the achievement differentials
- Parent and community involvement is key to success
- See Chapel Hill-Carrboro NAACP Education Committee website for examples of volunteer opportunities to drive systematic change to empower all students to excel
